My.Scouting.org Overview & Helps

Scouting Volunteer,

Thank you for your willingness to assist as a volunteer for Scouting in the Middle Tennessee area. Our youth rely so much on the time and dedication of adults that seek to provide a fun and exciting program.

Training is the first step in providing a strong Scouting program in our communities. The National organization of Scouting America provides a single location for all training and registration to be implemented and organized.

[My.Scouting.org](https://my.scouting.org) is the singular location for all things training and membership registration within Scouting America.

First Time Creating an Account?
